Correspondence solicited on all mat. ers of local interest, or of interest to the people of Southwest Texas. Each communication must be accompanied by the name of its author, not for pubsication (unless so directed), but as a guarantee of good faith, and when by request anonymous signatures appear to such communications the right is reserved to disclose the name of the priter should a necessity arise for such dischaure.

FRIDAY, JANUARY 23, 1903.

ANOTHER tremendous gold strike is reported in Alaska, which will continue to swell the tide of Ameriean prosperity.

THE Mutual Admiration Society of which Emperor William and President Roosevelt are the members continues to flourish. The latest evidence of this fact was the presentation of a manificent copy of an edition de luxe of a work on German school reforms, the frontispiece of which is an excellent portrait of the emperor.

come to Brownsville.

THE Laredo Times announces that it is now "all but certain" that the Mexican Central railroad will gross the Rio Grande at Laredo, from which point it may use the tracks of the International and liens of mothers for their circles a Great Northern road to San Anmio. Laredo is to be congratulated, guas, allays all pain; cares wind cone and it is the best remedy for Di orr ora it will relieve the mor little sufferer immediately. Sold by (register immediately. things for that town.

CARRIE NATION seems to have subsided lately. Her career as a smasher of saloons seems to have ended when the strenuous bar-keep' of an Austin saloon gently carried her out of his place and deposited her in the street. Aunt Carrie's oparations do not seem to have done much to advance the cause of temperance, but they have served to demonstrate the fact that, in Kansas, at least, prohibition does not prohibit.

THE best way to combat contagious diseases is to prevent them, and clealiness is the best preventive. Municipal sanitation is recognized in all enlightened communities as their only salvation from death dealing epidemics. With such a foul and deadly disease as Dubonic plague having a foothold in San Francisco and also in Maratlan, it is absolutely imperative that all cities of both this country and Mexico should take active measures to prevent its importation, and to discourage it by using proper sanitary methods. Clean up! This should be the slogan of all Texas abwns today. Cleanliness is necessary, not only to combat the plague, but also to prevent smallpox and typhoid, both deadly and contagious.

GERMANY's course in shelling another Venezuelan fort, without provocation, and after the matter at issue had been left to the decision of the Hague tribunal, was most astonishing. If the judges of the Hague court have any sense of justice, they cannot but offset Germany's claims against Venezuela to a large extent by this outrage. Instead of exacting an apology from Venezuela, Germany is the one who should make amends. This act o Germany's, coupled with the equal-Iv unjustifiable act of that country

Great Society and Its Noble Head.

The Red Cross Society, which is incorporated in nearly every country in the world, is to hold soon in Russia its international convention. These meetings oc cur ever five years. Clara l'ar ton, representing the American Red Cross, is now at sea, steaming Rr - ward. Of Miss Barton one of the organization's secretaries said recently: She is over 75 years old, and yet she is a active and as cheery as a young girl. The American Red Cross Society is due entirely to her She went to Europe to recuperate after the Civil War, wherein her indefatigable work at nursing gad worn down her health, and while abroad she witnessed some of the Franco-Prussian war and helped the Red Cross folk in their work. She began, immediately her return home to organize society here, and certainly this bergetic and good woman may said to have succeeded, for the merican Red Cross is now one i the biggest and best. The my biggest and the very best is Japanese Red Cross Society."

Dug Up an Ancieut Dithyramb.

An important Greek papyrus has been discovered by the German Oriental Society at Abusir near Sakkara in Egypt. It contains the dithyramb on the Persian wars by Timotheos of Miletus, a poet who lived about 400 before Christ, whose name only had been preserved. The poem is long and is the first specimen of that kind of poetry that has come to light. The manuscript itself the Dr. Miles' Remedies. Send for free book on Nervous and Heart Diseases. Address Dr. Miles Medical Co., Elkhart, Ind. known, and belongs probably to the fourth century before Christ.

Doctor

Gave Me Up-Nervous Indigestion.

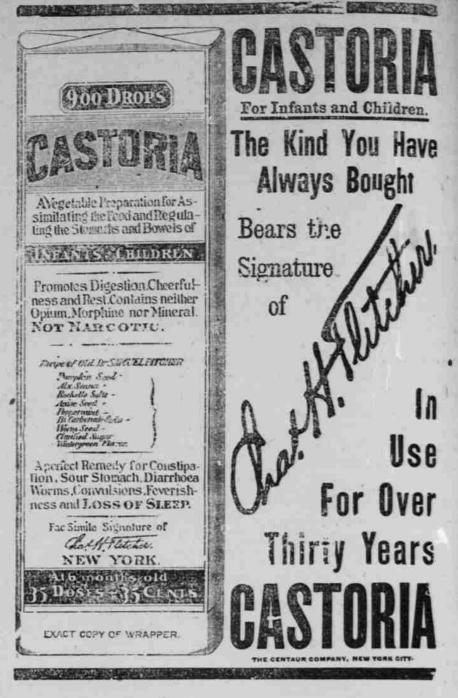

I Suffered Terribly Until I Took

Dr. Miles' Nervine. That Cured Me.

'For eighteeen years I suffered from nervousness and indigestion. I tried every remedy recommended by family and friends but I could get no relief at all. Two years ago, while being treated by local physicians, they informed me that I had become dropsisign, white being treated by local physicians, they informed me that I had become dropsical and that there was little hope for me. I then decided to try Dr. Miles' Restorative Nervine. I was unable to get to sleep after retiring at night until well on towards daylight during all this time. I had deep, heavy pains under my left shoulder, and a very severe pain in my left side. I was most miserable indeed and suffered terrible, but after taking one half bottle of the Nervine I could sleep all night just as well as I ever did. The Nervine is the only remedy that gave me any relief whatever. I had not been taking the Nervine but a short time when I discovered that I could go out on the gallery and sit down of an evening and enjoy myself with the rest of the family, something I had not done in many years. I am now well and strong, eat and sleep well and I thank God every day of my life for Dr. Miles' Nervine."—MRS. JULIA A. BROWN, Covington, Tenn.

-MRS. JULIA A. BROWN, Covington, Tenn. Don't give up, even though your doctor does. If your case is beyond his skill you have still to try Dr. Miles' Heart Cure, the great blood and heart tonic, formulated by a specialist of nerve and heart diseases, whose experience covers more than a quarter of a century. There is nothing so good, so safe, so economical as Dr. Miles' Heart Cure.

BRIGHT'S DISEASE

The largest sum ever paid for a scription, changed hands in San Francisco, Aug. 29, 1902. The transfer involved, in coin and stock \$112,500, and was paid by a party of business men for a specific for Bright's disease.

They commenced the serious investi gation of the specific Nov. 15, 1901 .-They interviewed cores of the secured and tried it out or its merits by putting over the three dezen cases on the treatment and watching them. They also got physicians to same chronic, able cases, and administered it with the physicians for judges. Up to Aug. 25, eighty-seven per cent of the test cases were either well or progressing favor-

There being but thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address John J. Ful-ton Company, 420 Montgomery St. San Francisco, Cal.

A MESSAGE OF

A dear friend has passed away-one who might have been saved had she taken your advice—had she done what so many thousands of other women have done, who to-day bless the most wonderful of all medicines.

She was weak, nerveless, filled with

pain; all resulting from simple neglect of those diseases which come to so many women. Had she taken your advice and used
